One day i found a flying carpet. And the color was blue. And then i went to my friends house. So me and my friends where riding the flying carpet. And then we saw all are houses way up in the sky. then after a 10g day we went up one more time then we went 'Back Home'. And then my mom ast what is that said mom a flying carpet. so that is a flying carpet mom said. yes. 'WOW', mom said. 'OK'.

Score Point: 2

This response is considered flawed. A low degree of proficiency in narrative writing skills is reflected. The writer remains focused on flying the carpet and organizes the response sequentially. However, numerous errors impede the writer's ability to communicate. In addition, further development is required for a higher score.
